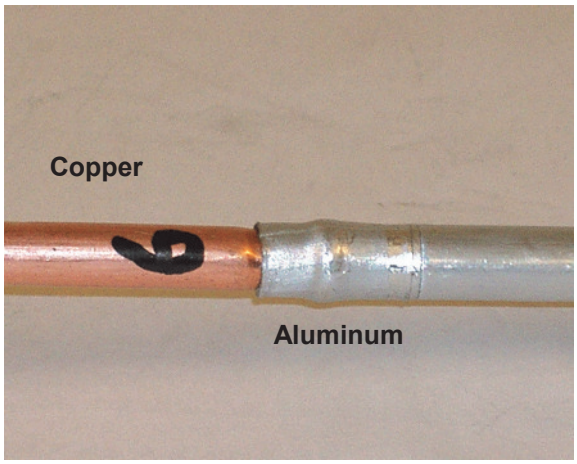
PST PRODUCTS

We join differently

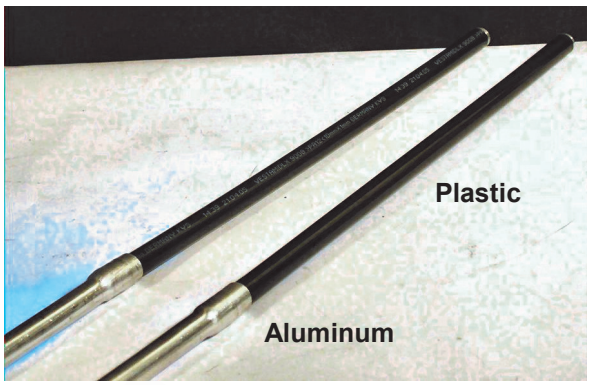
Typical EMPT Industrial Applications: cables and tube connections

Joining of tubes with different Materials



Applications:
Tube connections, cables
Materials:
Steel, Aluminum, Plastic, Copper
Machine type:
PS32, PS48, PS64 and PS80
Customers:
Manufacturer of white goods, Automotive Supplier
Electrical Industry
Benefits:
significant cost reduction, multiple material mix,
no heat input, no operator training required,

HVAC tube connection



High current cable crimping
